Subject: RE: Pristine Superfund site Reading, Ohio

Hello David. I am aware of the proposed Duke Energy pipeline and do not foresee any problems or impacts on the Pristine, Inc. site or remedy. The pipeline installers will just need to locate and avoid damaging the Pristine wells, piezometers, and underground piping along West Street in Reading, Ohio. I provided a map and GHD contact info to Duke Energy.

Subject: Pristine Superfund site Reading, Ohio

Mr. Linnear / Mr. Palomeque: The attached correspondence outlines Duke Energy Ohio's assessment that the proposed Central Corridor Pipeline Project (Ohio Power Siting Board Case No. 16-0253-GA-BTX) will not have negative effects on the Pristine Inc. Superfund site at 410 Cavett Avenue in Reading, Ohio. Duke Energy Ohio is requesting a response from USEPA concerning this property. If you need additional information concerning the project, the docket in the case can be found at the following link: <http://dis.puc.state.oh.us/CaseRecord.aspx?Caseno=16-0253&link=DIVA>

Please contact me if you have questions.

Thank You
